

ATI TEAS Testing Dates for 2024/2025

*Great Bay Community College anticipates having on-site test dates available from September 2024 to February 2025.

***Dates will be posted by August 2024**

These are remote testing sessions proctored by Great Bay CC staff. All sessions are 1-5pm, with 20 people maximum. The contact person is Geoff Grinnell, ggrinnell@ccsnh.edu or 603-427-7621. Testers who need an in-person experience can come and take their remote test here on campus by contacting Geoff.

Technical requirements for remote testing and registration instructions can be found at [With the BCC remote-proctored dates not available at this time, you can register for any ATI-proctored elsewhere. You'll just want to make sure you have your results sent to us afterwards. When searching out the Search section as shown below.](#)

Please contact Admissions at 603-427-7632 or gbadmissions@ccsnh.edu with questions about Nursing Program admissions requirements or TEAS testing/retesting policy.

ATI TEAS, Version 7 Content Outline

TEST NAME: ATI TEAS® Version 7

TIME LIMIT: 209 Minutes Reading = 55 minutes
Math = 57 minutes
Science = 60 minutes
English = 37 minutes

NUMBER OF SECTIONS: 4

NUMBER OF QUESTIONS: 170

FORMAT: Multiple-choice, multiple-select, fill-in-the-blank numeric, hot spot & ordered response

PURPOSE: The ATI Test of Essential Academic Skills (ATI TEAS®) measures basic essential skills in the academic content area domains of reading, math, science, and English and language usage. The test is intended for use primarily with adult health science program applicant populations. The objectives assessed on ATI TEAS® are those which health educators deemed most appropriate and relevant to measure entry-level academic readiness of health science program applicants.

Test questions by content area

Content and Subcontent Areas	Number of Scored Questions	Percent of Test Questions
READING	39	26%
Key Ideas and Details	15	10%
Craft & Structure	9	6%
Integration of Knowledge & Ideas	15	10%
MATH	34	

READING

The 2,315-mile Missouri River tops this year's list of the "10 Most Endangered Rivers in North America," compiled annually by the conservation group American Rivers. The "Big Muddy" has been dammed, channeled, and diked to the point that one-fifth of the species native to the river
